

# What will I be Asked on a Contact Tracing Call?

We want you to feel safe answering a contact tracing call and to know what questions to expect. If you were in close contact with someone with COVID-19, a contact tracer will reach out to you by phone. They will tell you they are from a local or tribal public health authority. The call will not be an automated recording. You will speak with a real person.

## A contact tracer **will** ask you:

- ✓ If you need an interpreter in a language other than English
- ✓ For your name, date of birth and where you live
- ✓ If you have any symptoms of COVID-19
- ✓ If you need a place to stay
- ✓ If you need food or have other needs to help you stay at home
- ✓ If they can contact you daily to monitor your symptoms and needs
- ✓ For your race, ethnicity, language and disability information.

## A contact tracer **will never** ask for your:

- ✗ Social Security number
- ✗ Bank account or credit card number
- ✗ Immigration status.

## The caller **will not**:

- ✗ Say you need to pay for this service or
- ✗ Make a threat to put you or your family in jail if you don't speak to the contact tracer.

## If you suspect fraud, hang up the phone.

## **Do not** answer any other calls that come from that number.
