

TITLE 1 – GENERAL PROVISIONS

CHAPTER 1-6 PUBLIC RECORDS

1-6-1 Authority and Purpose

- (a) The authority for this Chapter is found in the CLUSI Const. Art. VI, Section 2.
- (b) The purpose of this Chapter is to set forth formal procedures for Tribal members to request and receive copies of, or access to, certain Tribal government records. The Tribal Council believes that Tribal members have an interest in accessing Tribal documents that affect them or that involve general Tribal government activities. At the same time, the Tribal Council also believes that the Tribal government has an interest in maintaining the sovereignty of Tribal government operations and in ensuring it does not compromise the reasonable confidentiality expectations of Tribal members and Tribal government in their records and activities.
- (c) The Chief Executive Officer or his or her designee(s) shall be responsible for implementing this Ordinance. The policy and intent of this Ordinance shall be applied flexibly to accomplish reasonable access to Tribal records while protecting legitimate Tribal and Tribal member interests. The Chief Executive Officer may impose reasonable restrictions on access to, or the use or distribution of Records.

1-6-2 Definitions

For purposes of this Chapter, the following terms shall be defined as follows:

- (a) "Law enforcement record" means a record related to the exercise of the authority granted to the Confederated Tribes of the Coos, Lower Umpqua & Siuslaw Indians Police Department under Chapter 644, Oregon Laws 2011.
- (b) "Tribal Administration" means the executive offices of the Confederated Tribes of Coos, Lower Umpqua & Siuslaw Indians, and does not include Tribal corporations, Tribal enterprises, or the Gaming Commission of the Tribes.
- (c) "Tribal member" means an enrolled member of the Tribes.
- (d) "Tribes" means the Confederated Tribes of Coos, Lower Umpqua & Siuslaw Indians and for the purposes of this ordinance does not include Tribal corporations, Tribal enterprises, or the Gaming Commission of the Tribes.
- (e) "Record" means any item, collection, or grouping of information that is created or maintained by the Tribes, in paper, electronic, or other recorded format.

### 1-6-3 Retention, Management and Destruction of Records

The Chief Executive Officer shall adopt policies for the retention, management, and destruction of Records. In developing these policies, the value of Records for cultural, historical, legal, administrative, and research purposes will be considered.

### 1-6-4 Procedure for Access to or Copying of Tribal Records

(a) The Chief Executive Officer or his or her designee(s) shall receive and act upon requests to view or obtain copies of Records. The Chief Executive Officer shall adopt a Public Records Policy to implement this Ordinance, which shall include a fee schedule to be charged for the cost of responding to a request for Tribal Records.

(b) Tribal members requesting Tribal Records shall provide a written request to the Chief Executive Officer on the form adopted for that purpose. The form shall require the requester to identify the Record requested with sufficient specificity to allow the Chief Executive Officer to locate the Record.

(c) Upon receiving a form requesting access to or a copy of a Record and within a reasonable time, the Chief Executive Officer shall send the requester a card, letter, or email acknowledging receipt of the request.

(d) The Administrator shall consult with the Tribes' general counsel to determine whether the Records requested are exempt from disclosure under this Code or are available for viewing by the requester. The Chief Executive Officer will notify the requester as to which of the requested Records, if any, are exempt from disclosure and which, if any, are available for viewing. The Administrator will also provide the requesting party with an estimate of the cost of producing the Records, as established by the fee schedule. The fee schedule shall be included on the form Tribal members use to request access to or copies of Records. Payment must be made prior to the production of any Records.

(e) The Chief Executive Officer may request additional information from the requester to assist in locating the requested Record. The Chief Executive Officer shall have no obligation to search for a Record if, in the Administrator's view, the request lacks sufficient information to allow the Administrator to locate the Record with reasonable effort.

(f) After the Chief Executive Officer determines that there is sufficient information to locate a Record, the Administrator shall proceed within a reasonable period of time to obtain the Record for copying or review. In doing so, the Chief Executive Officer shall avoid unduly interfering with the regular duties of Tribal employees and Officials that may be in possession of the requested Record.

(g) After conducting a reasonable search for a requested Record, the Chief Executive Officer shall notify the Tribal member requesting access to or a copy of the Record that:

- (1) The Record is available for viewing and/or copying (or if not, the reason why it is not available); or
  - (2) Additional information is needed to locate the requested Record.
- (h) Inspection of Records shall be at the office of the Chief Executive Officer or at another location at the Tribal offices during regular business hours. Unless otherwise allowed by the Chief Executive Officer, Records may not be removed from their usual location.
- (i) If the requested Record is available on the Tribes' webpage, the Chief Executive Officer shall refer the requestor to the webpage and shall have no further obligation to copy the Record or make it available for viewing.
- (j) The Chief Executive Officer is not required to provide electronic versions of Records to requestors.
- (k) The Chief Executive Officer shall report quarterly to the Tribal Council on the number of Record requests received, the number of requests satisfied, the costs of satisfying requests, and any recommendations for further legislative action.
