

In an effort to reach all of our tribal children and provide assistance with the necessary school supplies, we have developed a program that will give you the flexibility of receiving these items directly to your home.

We are introducing the “Amazon Business Giving” program in which we submit the parent’s email to Amazon and the parent will receive a digital voucher of \$100 per child. You will then be able to use your own Amazon account and select the offered items to be sent directly to your home.

Thank you for letting us be a part of the growth and success of your children.

Event

Back Packs and  
School Supplies  
Program

## How does this work?

The Education Department will ask that you provide your email address and your express permission to share this with the Amazon Back to School campaign.

We will supply this information to Amazon which will then send an email with a \$100 digital voucher for each child in a lump sum.

This voucher can be added to your account and is good for the specific school supply offerings.

Please see or call any staff member for a contact form.

## FAQs

### What if I do not use email or do not want you to share my email with Amazon?

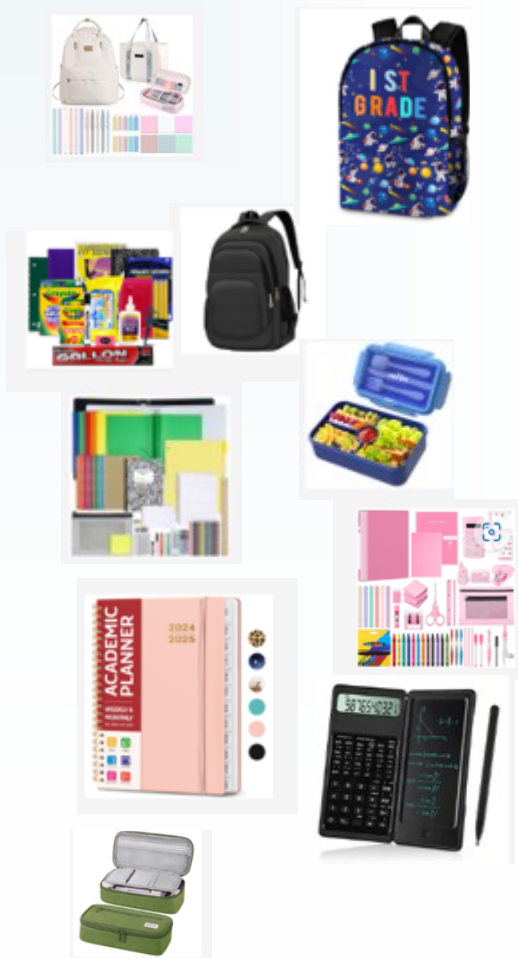

Speak to Education staff and they will provide you with a list of items being offered and assist with placing the order to be shipped to your home or the tribal offices.

### What if I choose more than the \$100 will cover?

The \$100 (per child) will be credited to the offered items and you may enter another payment method for the remainder.

## What is being offered?

Several items are being offered from backpacks to general supplies and even some graphing calculators. There are many items to choose from in each category. Below are representative items, however a complete listing is available from the Education Department both in print and via email.

## What happens if I spend under the \$100 voucher amount?

All unused funds will be returned to the Education program for use in other events.

## What if I do not have an Amazon account?

The email will instruct you on how to open an account, even if it is just for this purpose.

## What if items are out of stock?

We will be monitoring the out of stock items and updating with similar offerings.

## Does Amazon sell my information?

Amazon's Privacy Notice indicates that the information provided by you will only be used for the purpose of this program. You can view the privacy notice at: <https://www.amazon.com/gp/help/customer/display.html?nodeId=468496>
